To: Fred Holborn, The White House

From: Jack Rosenthal, Department of Justice

This letter, which you referred to me for appropriate handling, requests an award or other commendation for the police officer who arrested Lee Harvey Oswald.

~~It is our opinion that,~~ In view of the ~~recent~~ Warren Commission report, which was critical of the Dallas police about several matters, I think any commendation from the White House or this Department would be ~~inappropriate at this time.~~ incongruous

~~Jack - okay?~~

Pat: I'm sorry - they don't want this back + they just want it out of their hair. Please draft a letter to her from someone here thanking + glad to know of her interest.
